| Description         | Novus Biologicals Rabbit Zinc finger protein 773 Antibody - BSA Free (NBP2-83810) is a polyclonal antibody validated for use in WB. All Novus Biologicals antibodies are covered by our 100% guarantee.                                                                |
| Host                | Rabbit                                                                                                                                                                                                                                                                 |
| Gene ID             | 374928                                                                                                                                                                                                                                                                 |
| Gene Symbol         | ZNF773                                                                                                                                                                                                                                                                 |
| Species             | Human                                                                                                                                                                                                                                                                  |
| Immunogen           | The immunogen is a synthetic peptide directed towards the N-terminal region of human Zinc finger protein 773. Peptide sequence: AAATLRDPAQQGYVTFEDVAVYFSQEEWRLLDDAQRLLYRNVMLENFTLL The peptide sequence for this immunogen was taken from within the described region. |

| Product Application Details |                        |
|-----------------------------|------------------------|
| Applications                | Western Blot           |
| Recommended Dilutions       | Western Blot 1.0 ug/ml |
