| <b>Description</b> | Novus Biologicals Rabbit KIR2.3 Antibody - BSA Free (NBP2-84118) is a polyclonal antibody validated for use in WB. All Novus Biologicals antibodies are covered by our 100% guarantee.                                                           |
| <b>Host</b>        | Rabbit                                                                                                                                                                                                                                           |
| <b>Gene ID</b>     | 3761                                                                                                                                                                                                                                             |
| <b>Gene Symbol</b> | KCNJ4                                                                                                                                                                                                                                            |
| <b>Species</b>     | Human                                                                                                                                                                                                                                            |
| <b>Immunogen</b>   | The immunogen is a synthetic peptide directed towards the middle region of human KIR2.3. Peptide sequence: AVAAGLGLEAGSKEEAGIIRMLEFGSHDLERMQASLPLDNISYRRESAI The peptide sequence for this immunogen was taken from within the described region. |

**Product Application Details**

|                              |                        |
|------------------------------|------------------------|
| <b>Applications</b>          | Western Blot           |
| <b>Recommended Dilutions</b> | Western Blot 1.0 ug/ml |

**Images**

Western Blot: KIR2.3 Antibody [NBP2-84118] - WB Suggested Anti-KCNJ4 Antibody Titration: 0.2-1 ug/ml. ELISA Titer: 1:62500. Positive Control: 293T cell lysate. KCNJ4 is supported by BioGPS gene expression data to be expressed in HEK293T
