| <b>Preservative</b>                | 0.05% Sodium Azide                                                                                                                                   |
| <b>Isotype</b>                     | IgG                                                                                                                                                  |
| <b>Conjugate</b>                   | DyLight 350                                                                                                                                          |
| <b>Purity</b>                      | Protein A purified                                                                                                                                   |
| <b>Buffer</b>                      | 50mM Sodium Borate                                                                                                                                   |
| <b>Product Description</b>         |                                                                                                                                                      |
| <b>Host</b>                        | Rabbit                                                                                                                                               |
| <b>Gene ID</b>                     | 1363                                                                                                                                                 |
| <b>Gene Symbol</b>                 | CPE                                                                                                                                                  |
| <b>Species</b>                     | Human                                                                                                                                                |
| <b>Specificity/Sensitivity</b>     | No cross-reactivity in ELISA with:<br><br>Human Carboxypeptidase-A1 / CPA1<br>Human Carboxypeptidase-A2 / CPA2<br>Human Carboxypeptidase-B1 / CPB1   |
| <b>Immunogen</b>                   | This antibody was obtained from a rabbit immunized with purified, recombinant Human Carboxypeptidase E/CPE (Accession#: NP_001864.1; Met 1-Ser 453). |
| <b>Notes</b>                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                                    |
| <b>Product Application Details</b> |                                                                                                                                                      |
| <b>Applications</b>                | ELISA                                                                                                                                                |
| <b>Recommended Dilutions</b>       | ELISA                                                                                                                                                |
| <b>Application Notes</b>           | Optimal dilution of this antibody should be experimentally determined.                                                                               |
