| Purity                      | Protein A purified                                                                                                                   |
| Buffer                      | 50mM Sodium Borate                                                                                                                   |
| Product Description         |                                                                                                                                      |
| Host                        | Rabbit                                                                                                                               |
| Gene ID                     | 4283                                                                                                                                 |
| Gene Symbol                 | CXCL9                                                                                                                                |
| Species                     | Human                                                                                                                                |
| Specificity/Sensitivity     | Has cross-reactivity in ELISA with:<br><br>Mouse CXCL9<br>Cynomolgus CXCL9<br>No cross-reactivity in ELISA with:<br><br>Human CXCL10 |
| Immunogen                   | This antibody was obtained from a rabbit immunized with purified, recombinant Human CXCL9/MIG (Uniprot#: Q07325; Thr23-Thr125).      |
| Notes                       | Sold under license from the Howard Hughes Medical Institute, Janelia Research Campus.                                                |
| Product Application Details |                                                                                                                                      |
| Applications                | ELISA, Sandwich ELISA Detection                                                                                                      |
| Recommended Dilutions       | ELISA, Sandwich ELISA Detection                                                                                                      |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                               |
