| Purity                      | Protein A purified                                                                                                                 |
| Buffer                      | PBS                                                                                                                                |
| Product Description         |                                                                                                                                    |
| Host                        | Rabbit                                                                                                                             |
| Gene ID                     | 976                                                                                                                                |
| Gene Symbol                 | ADGRE5                                                                                                                             |
| Species                     | Human                                                                                                                              |
| Specificity/Sensitivity     | No cross-reactivity in ELISA with:<br><br>Human CD55 / DAF                                                                         |
| Immunogen                   | This antibody was obtained from a rabbit immunized with purified, recombinant Human CD97 (Accession#: NP_001775.2; Met 1-Gln 398). |
| Product Application Details |                                                                                                                                    |
| Applications                | ELISA, Flow Cytometry, Immunocytochemistry/Immunofluorescence                                                                      |
| Recommended Dilutions       | Flow Cytometry, ELISA, Immunocytochemistry/Immunofluorescence                                                                      |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                             |
