| Purity                      | Protein A purified                                                                                                        |
| Buffer                      | 50mM Sodium Borate                                                                                                        |
| Product Description         |                                                                                                                           |
| Host                        | Rabbit                                                                                                                    |
| Gene ID                     | 6286                                                                                                                      |
| Gene Symbol                 | S100P                                                                                                                     |
| Species                     | Human                                                                                                                     |
| Specificity/Sensitivity     | No cross-reactivity in ELISA with:<br><br>Human S100A1<br>Mouse S100A9<br>Human S100A11<br>Human S100A9<br>Human S100A10  |
| Immunogen                   | This antibody was obtained from a rabbit immunized with purified, recombinant Human S100P (Uniprot#: P25815; Met1-Lys95). |
| Notes                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                         |
| Product Application Details |                                                                                                                           |
| Applications                | Immunocytochemistry/Immunofluorescence, Immunohistochemistry-Paraffin                                                     |
| Recommended Dilutions       | Immunocytochemistry/Immunofluorescence, Immunohistochemistry-Paraffin                                                     |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                    |
