| Buffer                      | PBS                                                                                                                                           |
| Product Description         |                                                                                                                                               |
| Host                        | Rabbit                                                                                                                                        |
| Gene ID                     | 26762                                                                                                                                         |
| Gene Symbol                 | HAVCR1                                                                                                                                        |
| Species                     | Rhesus Macaque                                                                                                                                |
| Specificity/Sensitivity     | No cross-reactivity in ELISA with:<br><br>Mouse KIM1<br>Human TIMD3                                                                           |
| Immunogen                   | This antibody was obtained from a rabbit immunized with purified, recombinant Rhesus TIM-1/KIM-1/HAVCR (Accession#: BAJ61041.1; Met1-Val135). |
| Product Application Details |                                                                                                                                               |
| Applications                | ELISA                                                                                                                                         |
| Recommended Dilutions       | ELISA                                                                                                                                         |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                        |
