| <b>Buffer</b>        | PBS (pH 7.3), 50% glycerol                                                                  |

**Product Description**

|                    |                                                                                                                                                                                                                                |
|--------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Description</b> | Novus Biologicals Rabbit ZNF134 Antibody - Azide and BSA Free (NBP2-93519) is a polyclonal antibody validated for use in WB. All Novus Biologicals antibodies are covered by our 100% guarantee.                               |
| <b>Host</b>        | Rabbit                                                                                                                                                                                                                         |
| <b>Gene ID</b>     | 7693                                                                                                                                                                                                                           |
| <b>Gene Symbol</b> | ZNF134                                                                                                                                                                                                                         |
| <b>Species</b>     | Human                                                                                                                                                                                                                          |
| <b>Immunogen</b>   | Recombinant fusion protein containing a sequence corresponding to amino acids 73-170 of human ZNF134 (NP_003426.3).<br>HGLKLHTCGACGRQFWFSANLHQYQKCYSIEQPLRRDKSEASIVKNCTVSKEP<br>HPSEKPFCTCKEEQKNFQATLGGCQQKAIHSKRKTHRSTESGDAFH |

**Product Application Details**

|                              |                           |
|------------------------------|---------------------------|
| <b>Applications</b>          | Western Blot              |
| <b>Recommended Dilutions</b> | Western Blot 1:500-1:2000 |

**Images**

Western Blot: ZNF134 Antibody - Azide and BSA Free [NBP2-93519] - Western blot analysis of various lysates, using ZNF134 Rabbit pAb at 1:400 dilution.

Secondary antibody: HRP-conjugated Goat anti-Rabbit IgG (H+L) at 1:10000 dilution.

Lysates/proteins: 25ug per lane.

Blocking buffer: 3% nonfat dry milk in TBST.

Detection: ECL Basic Kit.

Exposure time: 60s.
