ATPase Inhibitory Factor 1 Antibody [Janelia Fluor® 646]

| Product Information         |                                                                                                                                 |
|-----------------------------|---------------------------------------------------------------------------------------------------------------------------------|
| Unit Size                   | 0.1 ml                                                                                                                          |
| Concentration               | Please see the vial label for concentration. If unlisted please contact technical services.                                     |
| Storage                     | Store at 4C in the dark.                                                                                                        |
| Clonality                   | Polyclonal                                                                                                                      |
| Preservative                | 0.05% Sodium Azide                                                                                                              |
| Isotype                     | IgG                                                                                                                             |
| Conjugate                   | Janelia Fluor 646                                                                                                               |
| Purity                      | Antigen and protein A Affinity-purified                                                                                         |
| Buffer                      | 50mM Sodium Borate                                                                                                              |
| Product Description         |                                                                                                                                 |
| Host                        | Rabbit                                                                                                                          |
| Gene ID                     | 93974                                                                                                                           |
| Gene Symbol                 | ATP5IF1                                                                                                                         |
| Species                     | Human                                                                                                                           |
| Immunogen                   | Produced in rabbits immunized with a synthetic peptide corresponding to the C-terminus of the Human ATPase Inhibitory Factor 1. |
| Notes                       | Sold under license from the Howard Hughes Medical Institute, Janelia Research Campus.                                           |
| Product Application Details |                                                                                                                                 |
| Applications                | Western Blot, Immunohistochemistry-Paraffin, Immunoprecipitation                                                                |
| Recommended Dilutions       | Western Blot, Immunoprecipitation, Immunohistochemistry-Paraffin                                                                |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                          |
