S100A3 Antibody - Azide and BSA Free

| Product Information |                                                                                             |
|---------------------|---------------------------------------------------------------------------------------------|
| Unit Size           | 100 ul                                                                                      |
| Concentration       | Please see the vial label for concentration. If unlisted please contact technical services. |
| Storage             | Store at 4C short term. Aliquot and store at -20C long term. Avoid freeze-thaw cycles.      |
| Clonality           | Polyclonal                                                                                  |
| Preservative        | No Preservative                                                                             |
| Isotype             | IgG                                                                                         |
| Purity              | Antigen and protein A Affinity-purified                                                     |
| Buffer              | 0.2 um filtered solution in PBS                                                             |

| Product Description |                                                                                                                                                                                                                                |
|---------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Description         | This antibody can be stored at 2C to 8C for one month without detectable loss of activity. Antibody products are stable for twelve months from date of receipt when stored at -20C to -80C. Avoid repeated freeze-thaw cycles. |
| Host                | Rabbit                                                                                                                                                                                                                         |
| Gene ID             | 6274                                                                                                                                                                                                                           |
| Gene Symbol         | S100A3                                                                                                                                                                                                                         |
| Species             | Human                                                                                                                                                                                                                          |
| Immunogen           | Produced in rabbits immunized with purified, recombinant Human S100A3 (Accession#: P33764; Met 1-Gln 101)                                                                                                                      |

| Product Application Details |                                                                  |
|-----------------------------|------------------------------------------------------------------|
| Applications                | ELISA, Immunohistochemistry-Paraffin                             |
| Recommended Dilutions       | ELISA 1:5000-1:10000, Immunohistochemistry-Paraffin 1:500-1:2000 |

## Images

Immunohistochemistry-Paraffin: S100A3 Antibody [NBP2-99716] -  
Immunochemical staining of human S100A3 in human tonsil with rabbit  
polyclonal antibody (1:1000, formalin-fixed paraffin embedded sections).  
The image showing positive staining in tonsil crypt.
