

# Product Datasheet

## CML2 Antibody - BSA Free

### NBP3-03797-100ul

Unit Size: 100 ul

Store at -20C. Avoid freeze-thaw cycles.

**NBP3-03797-100ul**

CML2 Antibody - BSA Free

**Product Information**

|                                |                                                                                             |
|--------------------------------|---------------------------------------------------------------------------------------------|
| <b>Unit Size</b>               | 100 ul                                                                                      |
| <b>Concentration</b>           | Please see the vial label for concentration. If unlisted please contact technical services. |
| <b>Storage</b>                 | Store at -20C. Avoid freeze-thaw cycles.                                                    |
| <b>Clonality</b>               | Polyclonal                                                                                  |
| <b>Preservative</b>            | 0.02% Sodium Azide                                                                          |
| <b>Isotype</b>                 | IgG                                                                                         |
| <b>Purity</b>                  | Affinity purified                                                                           |
| <b>Buffer</b>                  | PBS with 50% glycerol, pH7.3.                                                               |
| <b>Target Molecular Weight</b> | 25 kDa                                                                                      |

**Product Description**

|                    |                                                                                                                                                                                                                    |
|--------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Host</b>        | Rabbit                                                                                                                                                                                                             |
| <b>Gene ID</b>     | 51471                                                                                                                                                                                                              |
| <b>Gene Symbol</b> | NAT8B                                                                                                                                                                                                              |
| <b>Species</b>     | Human                                                                                                                                                                                                              |
| <b>Immunogen</b>   | Recombinant fusion protein containing a sequence corresponding to amino acids 75-165 of human CML2 (NP_057431.2).<br>WFLAKKPWTRYVDIALRTDMSDITKSYLSECGSCFWVGESSEKVVGTVGALPV<br>DDPTLREKRLQLFHLSDNEHRGQGIKALVRTVLQFA |

**Product Application Details**

|                              |                                                    |
|------------------------------|----------------------------------------------------|
| <b>Applications</b>          | Immunocytochemistry/ Immunofluorescence            |
| <b>Recommended Dilutions</b> | Immunocytochemistry/ Immunofluorescence 1:50-1:200 |
