INSL4 Antibody - Azide and BSA Free

| Product Information |                                                                                             |
|---------------------|---------------------------------------------------------------------------------------------|
| Unit Size           | 100 ul                                                                                      |
| Concentration       | Please see the vial label for concentration. If unlisted please contact technical services. |
| Storage             | Store at 4C short term. Aliquot and store at -20C long term. Avoid freeze-thaw cycles.      |
| Clonality           | Polyclonal                                                                                  |
| Preservative        | No Preservative                                                                             |
| Isotype             | IgG                                                                                         |
| Purity              | Protein A purified                                                                          |
| Buffer              | 0.2 um filtered solution in PBS                                                             |

| Product Description |                                                                                                                                                                                                                             |
|---------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Description         | This antibody can be stored at 2C-8C for one month without detectable loss of activity. Antibody products are stable for twelve months from date of receipt when stored at -20C to -80C. Avoid repeated freeze-thaw cycles. |
| Host                | Rabbit                                                                                                                                                                                                                      |
| Gene ID             | 3641                                                                                                                                                                                                                        |
| Gene Symbol         | INSL4                                                                                                                                                                                                                       |
| Species             | Human                                                                                                                                                                                                                       |
| Immunogen           | Produced in rabbits immunized with purified, recombinant Human INSL4 (Uniprot#: Q14641; Met1-Thr139)                                                                                                                        |

| Product Application Details |                     |
|-----------------------------|---------------------|
| Applications                | ELISA               |
| Recommended Dilutions       | ELISA 1:1000-1:2000 |
