| Gene Symbol                 | CBLC                                                                                                                                                                                                                |
| Species                     | Human                                                                                                                                                                                                               |
| Immunogen                   | This antibody was produced from a hybridoma resulting from the fusion of a mouse myeloma with B cells obtained from a mouse immunized with purified, recombinant Human Cbl-c (Accession#: AAH28915.1; Met1-Ala474). |
| Notes                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                                                                                                   |
| Product Application Details |                                                                                                                                                                                                                     |
| Applications                | ELISA                                                                                                                                                                                                               |
| Recommended Dilutions       | ELISA                                                                                                                                                                                                               |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                              |
