| Host                        | Mouse                                                                                                                      |
| Gene ID                     | 57594                                                                                                                      |
| Gene Symbol                 | HOMEZ                                                                                                                      |
| Species                     | Human                                                                                                                      |
| Immunogen                   | Recombinant full-length human Homez protein (Uniprot: Q8IX15)                                                              |
| Product Application Details |                                                                                                                            |
| Applications                | Flow Cytometry, Immunocytochemistry/Immunofluorescence, Immunohistochemistry, Immunohistochemistry-Paraffin, Protein Array |
| Recommended Dilutions       | Flow Cytometry, Immunohistochemistry, Immunocytochemistry/Immunofluorescence, Immunohistochemistry-Paraffin, Protein Array |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                     |
