Clone HCGb/1996R  Preservative 0.05% Sodium Azide  Isotype IgG  Conjugate Alexa Fluor 405  Purity Protein A or G purified		
Preservative 0.05% Sodium Azide Isotype IgG Conjugate Alexa Fluor 405 Purity Protein A or G purified		
Isotype IgG Conjugate Alexa Fluor 405 Purity Protein A or G purified		
Conjugate Alexa Fluor 405  Purity Protein A or G purified		
Purity Protein A or G purified		
Ruffer 50mM Sodium Borate		
Dullel Solitivi Socialii Borate		
Product Description		
<b>Host</b> Rabbit		
<b>Gene ID</b> 1082		
Gene Symbol CGB3		
Species Human		
Marker Pregnancy & Choriocarcino	ma Marker	
unit of HCG. It does not cross glycoprotein, which is secre present only in trace amount during pregnancy. HCG is composed to polypeptide chains designate stimulating hormone (TSH) hormone (LH). hCG monocles trophoblastic origin such as adenocarcinoma of the lung cases respectively. 20% of lexpression by non-trophoblastic	eacts with a protein of 22kDa, identified as beta subsess react with the alpha sub-unit. HCG is a ted in large quantities by normal trophoblasts. It is its in non-pregnant urine and sera but rises sharply omposed of two non-identical, non-covalently linked ted as the subunit is identical to that of thyroid follicle stimulating hormone (FSH), and luteinizing onal antibody detects cells and tumors of choriocarcinoma. Large cell carcinoma and demonstrate anti-hCG positivity in 90% and 60% of lung squamous cell carcinomas are positive. hCG astic tumors may indicate aggressive behavior.	
<b>Immunogen</b> Recombinant full-length Cho (Uniprot: P01233)	orionic Gonadotropin beta Chain (hCG beta) protein	

#### Notes

Alexa Fluor (R) products are provided under an intellectual property license from Life Technologies Corporation. The purchase of this product conveys to the buyer the non-transferable right to use the purchased product and components of the product only in research conducted by the buyer (whether the buyer is an academic or for-profit entity). The sale of this product is expressly conditioned on the buyer not using the product or its components, or any materials made using the product or its components, in any activity to generate revenue, which may include, but is not limited to use of the product or its components: (i) in manufacturing; (ii) to provide a service, information, or data in return for payment; (iii) for therapeutic, diagnostic or prophylactic purposes; or (iv) for resale, regardless of whether they are resold for use in research. For information on purchasing a license to this product for purposes other than as described above, contact Life Technologies Corporation, 5791 Van Allen Way, Carlsbad, CA 92008 USA or outlicensing@lifetech.com. This conjugate is made on demand. Actual recovery may vary from the stated volume of this product. The volume will be greater than or equal to the unit size stated on the datasheet.

Product Application Details	
Applications	Immunohistochemistry-Paraffin
Recommended Dilutions	Immunohistochemistry-Paraffin
Application Notes	Optimal dilution of this antibody should be experimentally determined.
