IL-17/IL-17A Antibody (MM17F3) [mFluor Violet 610 SE]

**Product Information**

|                      |                                                                                             |
|----------------------|---------------------------------------------------------------------------------------------|
| <b>Unit Size</b>     | 0.1 ml                                                                                      |
| <b>Concentration</b> | Please see the vial label for concentration. If unlisted please contact technical services. |
| <b>Storage</b>       | Store at 4C in the dark.                                                                    |
| <b>Clonality</b>     | Monoclonal                                                                                  |
| <b>Clone</b>         | MM17F3                                                                                      |
| <b>Preservative</b>  | 0.05% Sodium Azide                                                                          |
| <b>Isotype</b>       | IgG Kappa                                                                                   |
| <b>Conjugate</b>     | mFluor Violet 610 SE                                                                        |
| <b>Purity</b>        | Protein A purified                                                                          |
| <b>Buffer</b>        | 50mM Sodium Borate                                                                          |

**Product Description**

|                                |                                                                                                                                                              |
|--------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Host</b>                    | Rabbit                                                                                                                                                       |
| <b>Gene ID</b>                 | 3605                                                                                                                                                         |
| <b>Gene Symbol</b>             | IL17A                                                                                                                                                        |
| <b>Species</b>                 | Mouse                                                                                                                                                        |
| <b>Specificity/Sensitivity</b> | This antibody is highly specific for murine IL-17/IL-17A; in ELISA analysis, no cross-reactivity with IL-17B, IL-17C, IL-17D, IL-17E or IL-17F was observed. |
| <b>Immunogen</b>               | This antibody was raised by immunising C57Bl/6 mice with IL-17/IL-17A cross-linked to ovalbumin to generate a highly immunogenic complex.                    |

**Product Application Details**

|                              |                                                                        |
|------------------------------|------------------------------------------------------------------------|
| <b>Applications</b>          | ELISA, Flow Cytometry, Block/Neutralize                                |
| <b>Recommended Dilutions</b> | Flow Cytometry, ELISA, Block/Neutralize                                |
| <b>Application Notes</b>     | Optimal dilution of this antibody should be experimentally determined. |

**Images**

IL-17/IL-17A Antibody (MM17F3) [mFluor Violet 610 SE] [NBP3-12035MFV610] - Vial of mFluor Violet 610 conjugated antibody. mFluor Violet 610 is optimally excited at 421 nm by the Violet laser (405 nm) and has an emission maximum of 613 nm.
