**NBP3-12451****Annexin A9 Antibody**

| <b>Product Information</b> |                                                                                                                                                                                           |
|----------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Unit Size</b>           | 100 ug                                                                                                                                                                                    |
| <b>Concentration</b>       | Please see the vial label for concentration. If unlisted please contact technical services.                                                                                               |
| <b>Storage</b>             | Store at 4C short term. Store at -20C long term. Avoid freeze-thaw cycles.                                                                                                                |
| <b>Clonality</b>           | Polyclonal                                                                                                                                                                                |
| <b>Preservative</b>        | 0.02% Sodium Azide                                                                                                                                                                        |
| <b>Purity</b>              | Affinity purified                                                                                                                                                                         |
| <b>Buffer</b>              | Contains Tris, HCl/glycine buffer (pH 7.4-7.8), 30% glycerol, 0.5% BSA, along with cryo-protective agents, and HEPES (exact storage and stabilization buffer information is proprietary). |

| <b>Product Description</b> |                                                                                     |
|----------------------------|-------------------------------------------------------------------------------------|
| <b>Host</b>                | Rabbit                                                                              |
| <b>Gene ID</b>             | 8416                                                                                |
| <b>Gene Symbol</b>         | ANXA9                                                                               |
| <b>Species</b>             | Human, Mouse, Rat, Primate                                                          |
| <b>Immunogen</b>           | Synthetic peptide taken within amino acid region 1-100 on human Annexin A9 protein. |

| <b>Product Application Details</b> |                     |
|------------------------------------|---------------------|
| <b>Applications</b>                | Western Blot, ELISA |
| <b>Recommended Dilutions</b>       | Western Blot, ELISA |
