

# Product Datasheet

## IRF9 Antibody (PCRP-IRF9-2F8) - Azide and BSA Free NBP3-14228

Unit Size: 100 ug

Store at -20 to -80C. Avoid freeze-thaw cycles.

**NBP3-14228**

IRF9 Antibody (PCRP-IRF9-2F8) - Azide and BSA Free

**Product Information**

|                                |                                                 |
|--------------------------------|-------------------------------------------------|
| <b>Unit Size</b>               | 100 ug                                          |
| <b>Concentration</b>           | 1 mg/ml                                         |
| <b>Storage</b>                 | Store at -20 to -80C. Avoid freeze-thaw cycles. |
| <b>Clonality</b>               | Monoclonal                                      |
| <b>Clone</b>                   | PCRP-IRF9-2F8                                   |
| <b>Preservative</b>            | No Preservative                                 |
| <b>Isotype</b>                 | IgG2a                                           |
| <b>Purity</b>                  | Protein A or G purified                         |
| <b>Buffer</b>                  | 10mM PBS                                        |
| <b>Target Molecular Weight</b> | 43.34 kDa                                       |

**Product Description**

|                    |                                                                                                                                                                                                                                                                                |
|--------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Description</b> | 1.0 mg/ml of antibody purified from Bioreactor Concentrate by Protein A/G. Prepared in 10mM PBS WITHOUT BSA & azide. Also available at 200 ug/ml WITH BSA & azide (NBP3-13835).<br><br>Antibody with azide - store at 2 to 8C. Antibody without azide - store at -20 to -80 C. |
| <b>Host</b>        | Mouse                                                                                                                                                                                                                                                                          |
| <b>Gene ID</b>     | 10379                                                                                                                                                                                                                                                                          |
| <b>Gene Symbol</b> | IRF9                                                                                                                                                                                                                                                                           |
| <b>Species</b>     | Human                                                                                                                                                                                                                                                                          |
| <b>Immunogen</b>   | Recombinant full-length human IRF9 protein (Uniprot: Q00978)                                                                                                                                                                                                                   |

**Product Application Details**

|                              |                                                                                                       |
|------------------------------|-------------------------------------------------------------------------------------------------------|
| <b>Applications</b>          | Flow Cytometry, Immunocytochemistry/ Immunofluorescence, Protein Array                                |
| <b>Recommended Dilutions</b> | Flow Cytometry 1-2 ug/million cells, Immunocytochemistry/ Immunofluorescence 1-2 ug/ml, Protein Array |

**Images**

Protein Array: IRF9 Antibody (PCRP-IRF9-2F8) - Azide and BSA Free [NBP3-14228] - Analysis of Protein Array containing more than 19,000 full-length human proteins using IRF9 Antibody (PCRP-IRF9-2F8).
