Inhibin beta A Antibody (S03-1F0)

| Product Information     |                                                                                             |
|-------------------------|---------------------------------------------------------------------------------------------|
| Unit Size               | 100 ul                                                                                      |
| Concentration           | Please see the vial label for concentration. If unlisted please contact technical services. |
| Storage                 | Store at 4C short term. Aliquot and store at -20C long term. Avoid freeze-thaw cycles.      |
| Clonality               | Monoclonal                                                                                  |
| Clone                   | S03-1F0                                                                                     |
| Preservative            | 0.01% Sodium Azide                                                                          |
| Isotype                 | IgG                                                                                         |
| Purity                  | Affinity purified                                                                           |
| Buffer                  | 50mM Tris-Glycine (pH 7.4), 0.15M NaCl, 40% Glycerol, 0.05% BSA                             |
| Target Molecular Weight | 44 kDa                                                                                      |

| Product Description |                                                                |
|---------------------|----------------------------------------------------------------|
| Host                | Rabbit                                                         |
| Gene Symbol         | INHBA                                                          |
| Species             | Human, Mouse, Rat                                              |
| Immunogen           | A synthetic peptide of human Inhibin beta A (Uniprot#: P08476) |

| Product Application Details |              |
|-----------------------------|--------------|
| Applications                | Western Blot |
| Recommended Dilutions       | Western Blot |

**Images**

Western Blot: Inhibin beta A Antibody (S03-1F0) [NBP3-15047] - Western blot detection of Inhibin beta A in Rat Brain, C6, CHO-K1, Hela cell lysates using Inhibin beta A Rabbit mAb (1:1000 diluted). Predicted band size: 47kDa. Observed band size: 44kDa.
