| <b>Buffer</b>        | PBS, 50% glycerol, pH7.3                                                                    |

**Product Description**

|                    |                                                                                                                                                           |
|--------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Host</b>        | Rabbit                                                                                                                                                    |
| <b>Gene ID</b>     | 653423                                                                                                                                                    |
| <b>Gene Symbol</b> | SPAG11A                                                                                                                                                   |
| <b>Species</b>     | Mouse, Rat                                                                                                                                                |
| <b>Immunogen</b>   | A synthetic peptide corresponding to a sequence within amino acids 1-50 of human HE2 (NP_478108.2).<br>MRQRLPSVTSLLLVALLFPGSSQARHVNHSATEALGELRERAPGQGTTNG |

**Product Application Details**

|                              |                             |
|------------------------------|-----------------------------|
| <b>Applications</b>          | Western Blot                |
| <b>Recommended Dilutions</b> | Western Blot 1:500 - 1:2000 |

**Images**

Western Blot: HE2 Antibody [NBP3-15588] - Western blot analysis of extracts of Rat testis, using HE2 Rabbit pAb (NBP3-15588) at 1:1000 dilution. Secondary antibody: HRP Goat Anti-Rabbit IgG (H+L) at 1:10000 dilution. Lysates/proteins: 25ug per lane. Blocking buffer: 3% nonfat dry milk in TBST. Detection: ECL Basic Kit. Exposure time: 1s.
