**NBP3-17552-100ul**

TMEM263 Antibody

**Product Information**

|                      |                                                                                                                  |
|----------------------|------------------------------------------------------------------------------------------------------------------|
| <b>Unit Size</b>     | 100 ul                                                                                                           |
| <b>Concentration</b> | Concentrations vary lot to lot. See vial label for concentration. If unlisted please contact technical services. |
| <b>Storage</b>       | Store at 4C short term. Aliquot and store at -20C long term. Avoid freeze-thaw cycles.                           |
| <b>Clonality</b>     | Polyclonal                                                                                                       |
| <b>Preservative</b>  | 0.02% Sodium Azide                                                                                               |
| <b>Isotype</b>       | IgG                                                                                                              |
| <b>Purity</b>        | Affinity purified                                                                                                |
| <b>Buffer</b>        | PBS, pH 7.2, 40% glycerol                                                                                        |

**Product Description**

|                    |                                                                                                                      |
|--------------------|----------------------------------------------------------------------------------------------------------------------|
| <b>Host</b>        | Rabbit                                                                                                               |
| <b>Gene ID</b>     | 90488                                                                                                                |
| <b>Gene Symbol</b> | C12ORF23                                                                                                             |
| <b>Species</b>     | Human                                                                                                                |
| <b>Immunogen</b>   | This antibody was developed against Recombinant Protein corresponding to amino acids: QQEIPSYLNDEPPEGSMKDHPQQQPGMLSR |

**Product Application Details**

|                              |                                                                                                        |
|------------------------------|--------------------------------------------------------------------------------------------------------|
| <b>Applications</b>          | Immunocytochemistry/Immunofluorescence                                                                 |
| <b>Recommended Dilutions</b> | Immunocytochemistry/Immunofluorescence 0.25-2 ug/ml                                                    |
| <b>Application Notes</b>     | Immunocytochemistry/Immunofluorescence, PFA/Triton X-100 is recommended for fixation/permeabilization. |
