Cytomegalovirus gH Antibody (HCMV16) [DyLight 755]

| Product Information |                                                                                             |
|---------------------|---------------------------------------------------------------------------------------------|
| Unit Size           | 0.1 ml                                                                                      |
| Concentration       | Please see the vial label for concentration. If unlisted please contact technical services. |
| Storage             | Store at 4C in the dark.                                                                    |
| Clonality           | Monoclonal                                                                                  |
| Clone               | HCMV16                                                                                      |
| Preservative        | 0.05% Sodium Azide                                                                          |
| Isotype             | IgG1 Kappa                                                                                  |
| Conjugate           | DyLight 755                                                                                 |
| Purity              | Protein A purified                                                                          |
| Buffer              | 50mM Sodium Borate                                                                          |

| Product Description |                                                                                              |
|---------------------|----------------------------------------------------------------------------------------------|
| Host                | Mouse                                                                                        |
| Gene ID             | 3077450                                                                                      |
| Gene Symbol         | UL75                                                                                         |
| Species             | Cytomegalovirus, Virus                                                                       |
| Reactivity Notes    | Human Cytomegalovirus                                                                        |
| Immunogen           | The original antibody was generated by immunization of mice with purified HCMV strain AD169. |
| Notes               | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.            |

| Product Application Details |                                                                        |
|-----------------------------|------------------------------------------------------------------------|
| Applications                | ELISA, Immunocytochemistry/Immunofluorescence                          |
| Recommended Dilutions       | ELISA, Immunocytochemistry/Immunofluorescence                          |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined. |
