Cytomegalovirus gH Antibody (HCMV16) [mFluor Violet 610 SE]

| Product Information |                                                                                             |
|---------------------|---------------------------------------------------------------------------------------------|
| Unit Size           | 0.1 ml                                                                                      |
| Concentration       | Please see the vial label for concentration. If unlisted please contact technical services. |
| Storage             | Store at 4C in the dark.                                                                    |
| Clonality           | Monoclonal                                                                                  |
| Clone               | HCMV16                                                                                      |
| Preservative        | 0.05% Sodium Azide                                                                          |
| Isotype             | IgG Kappa                                                                                   |
| Conjugate           | mFluor Violet 610 SE                                                                        |
| Purity              | Protein A purified                                                                          |
| Buffer              | 50mM Sodium Borate                                                                          |

| Product Description |                                                                                                                                                                                                                                       |
|---------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Host                | Rabbit                                                                                                                                                                                                                                |
| Gene ID             | 3077450                                                                                                                                                                                                                               |
| Gene Symbol         | UL75                                                                                                                                                                                                                                  |
| Species             | Cytomegalovirus, Virus                                                                                                                                                                                                                |
| Reactivity Notes    | Human Cytomegalovirus                                                                                                                                                                                                                 |
| Immunogen           | The original antibody was generated by immunization of mice with purified HCMV strain AD169.                                                                                                                                          |
| Notes               | mFluor(TM) is a trademark of AAT Bioquest, Inc. This conjugate is made on demand. Actual recovery may vary from the stated volume of this product. The volume will be greater than or equal to the unit size stated on the datasheet. |

| Product Application Details |                                                                                    |
|-----------------------------|------------------------------------------------------------------------------------|
| Applications                | ELISA, Immunocytochemistry/Immunofluorescence, Immunoprecipitation, Neutralization |
| Recommended Dilutions       | ELISA, Immunocytochemistry/Immunofluorescence, Immunoprecipitation, Neutralization |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.             |
