**NBP3-24096**

S100P Antibody (rS100P/9254) - Azide and BSA Free

| Product Information |                                                 |
|---------------------|-------------------------------------------------|
| Unit Size           | 100 ug                                          |
| Concentration       | 1 mg/ml                                         |
| Storage             | Store at -20 to -80C. Avoid freeze-thaw cycles. |
| Clonality           | Monoclonal                                      |
| Clone               | rS100P/9254                                     |
| Preservative        | No Preservative                                 |
| Isotype             | IgG2b Kappa                                     |
| Purity              | Protein A purified                              |
| Buffer              | 10mM PBS                                        |

| Product Description |                                                                                                             |
|---------------------|-------------------------------------------------------------------------------------------------------------|
| Description         | Antibody without azide - store at -20 to -80C.                                                              |
| Host                | Mouse                                                                                                       |
| Gene ID             | 6286                                                                                                        |
| Gene Symbol         | S100P                                                                                                       |
| Species             | Human                                                                                                       |
| Immunogen           | Recombinant fragment corresponding to the C-terminus of human S100P protein (exact sequence is proprietary) |

| Product Application Details |                                                                                                                                                                                                                                                                                                     |
|-----------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Applications                | Immunohistochemistry-Paraffin                                                                                                                                                                                                                                                                       |
| Recommended Dilutions       | Immunohistochemistry-Paraffin 1-2ug/ml                                                                                                                                                                                                                                                              |
| Application Notes           | Immunohistochemistry-Paraffin: 1-2ug/ml for 30 minutes at RT. Staining of formalin-fixed tissues requires heating tissue sections in 10mM Tris with 1mM EDTA, pH 9.0, for 45 min at 95C followed by cooling at RT for 20 minutes. Optimal dilution for a specific application should be determined. |
