**NBP3-26028PE**

Histone H2B type 1B [ac Lys23] Antibody (RM260) [PE]

| Product Information |                                                                                             |
|---------------------|---------------------------------------------------------------------------------------------|
| Unit Size           | 0.1 ml                                                                                      |
| Concentration       | Please see the vial label for concentration. If unlisted please contact technical services. |
| Storage             | Store at 4C in the dark.                                                                    |
| Clonality           | Monoclonal                                                                                  |
| Clone               | RM260                                                                                       |
| Preservative        | 0.05% Sodium Azide                                                                          |
| Isotype             | IgG                                                                                         |
| Conjugate           | PE                                                                                          |
| Purity              | Protein A purified                                                                          |
| Buffer              | PBS                                                                                         |

| Product Description     |                                                                                                                                     |
|-------------------------|-------------------------------------------------------------------------------------------------------------------------------------|
| Host                    | Rabbit                                                                                                                              |
| Gene ID                 | 3018                                                                                                                                |
| Gene Symbol             | H2BC3                                                                                                                               |
| Species                 | Human, Vertebrate                                                                                                                   |
| Specificity/Sensitivity | This antibody reacts to Histone H2B type 1B acetylated at Lysine 23. No cross reactivity with other acetylated Lysines in histones. |
| Immunogen               | An acetyl-peptide corresponding to Histone H2B type 1B [ac Lys23]                                                                   |

| Product Application Details |                                                                                     |
|-----------------------------|-------------------------------------------------------------------------------------|
| Applications                | Western Blot, ELISA, Immunocytochemistry/ Immunofluorescence, Multiplex Immunoassay |
| Recommended Dilutions       | Western Blot, ELISA, Immunocytochemistry/ Immunofluorescence, Multiplex Immunoassay |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.              |
