**NBP3-26035G**

Histone H2B [ac Lys11] Antibody (RM456) [Dylight 488]

| Product Information |                                                                                             |
|---------------------|---------------------------------------------------------------------------------------------|
| Unit Size           | 0.1 ml                                                                                      |
| Concentration       | Please see the vial label for concentration. If unlisted please contact technical services. |
| Storage             | Store at 4C in the dark.                                                                    |
| Clonality           | Monoclonal                                                                                  |
| Clone               | RM456                                                                                       |
| Preservative        | 0.05% Sodium Azide                                                                          |
| Isotype             | IgG                                                                                         |
| Conjugate           | DyLight 488                                                                                 |
| Purity              | Protein A purified                                                                          |
| Buffer              | 50mM Sodium Borate                                                                          |

| Product Description     |                                                                                                                             |
|-------------------------|-----------------------------------------------------------------------------------------------------------------------------|
| Host                    | Rabbit                                                                                                                      |
| Gene ID                 | 440689                                                                                                                      |
| Gene Symbol             | H2BC18                                                                                                                      |
| Species                 | Human, Vertebrate                                                                                                           |
| Specificity/Sensitivity | This antibody reacts to Histone H2B acetylated at Lysine 11. No cross reactivity with other acetylated Lysines in histones. |
| Immunogen               | An acetyl-peptide corresponding to Histone H2B [Lys11] (Uniprot # P62807)                                                   |
| Notes                   | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                           |

| Product Application Details |                                                                        |
|-----------------------------|------------------------------------------------------------------------|
| Applications                | Western Blot, ELISA, Multiplex Immunoassay                             |
| Recommended Dilutions       | Western Blot, ELISA, Multiplex Immunoassay                             |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined. |
