MAP6D1 Antibody [DyLight 650] - Humanized

| Product Information         |                                                                                                                                         |
|-----------------------------|-----------------------------------------------------------------------------------------------------------------------------------------|
| Unit Size                   | 0.1 ml                                                                                                                                  |
| Concentration               | Please see the vial label for concentration. If unlisted please contact technical services.                                             |
| Storage                     | Store at 4C in the dark.                                                                                                                |
| Clonality                   | Monoclonal                                                                                                                              |
| Preservative                | 0.05% Sodium Azide                                                                                                                      |
| Isotype                     | IgG1                                                                                                                                    |
| Conjugate                   | DyLight 650                                                                                                                             |
| Purity                      | Protein A purified                                                                                                                      |
| Buffer                      | 50mM Sodium Borate                                                                                                                      |
| Product Description         |                                                                                                                                         |
| Description                 | The heavy chain type is hulgG1, and the light chain type is hukappa. It has a predicted MW of 145.5 kDa.<br><br>Patent #: US20080050377 |
| Host                        | Human                                                                                                                                   |
| Gene ID                     | 79929                                                                                                                                   |
| Gene Symbol                 | MAP6D1                                                                                                                                  |
| Species                     | Human                                                                                                                                   |
| Immunogen                   | STOP1                                                                                                                                   |
| Notes                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                       |
| Product Application Details |                                                                                                                                         |
| Applications                | ELISA, Flow Cytometry, Functional                                                                                                       |
| Recommended Dilutions       | Flow Cytometry, ELISA, Functional                                                                                                       |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                  |
