

# Product Datasheet

## **TNF-alpha Antibody - (Research Grade adalimumab Biosimilar) - Low Endotoxin, Azide and BSA Free NBP3-28186-100ug**

Unit Size: 100 ug

Store at -20C in powder form. Store at -80C once reconstituted.

| Unit Size                   | 100 ug                                                                                                                                |
| Concentration               | LYOPH mg/ml                                                                                                                           |
| Storage                     | Store at -20C in powder form. Store at -80C once reconstituted.                                                                       |
| Clonality                   | Monoclonal                                                                                                                            |
| Preservative                | No Preservative                                                                                                                       |
| Reconstitution Instructions | Reconstitute with sterile, distilled water to a final concentration of 1 mg/ml. Gently shake to solubilize completely. Do not vortex. |
| Isotype                     | IgG1                                                                                                                                  |
| Purity                      | Protein A purified                                                                                                                    |
| Buffer                      | Lyophilized from 25mM histidine, 8% sucrose, 0.01% Tween80 (pH6.2)                                                                    |

| Product Description |                                                                                                                                                                                                                                                                                                                                                                              |
|---------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Description         | <p>The heavy chain type is hulgG1, and the light chain type is hukappa. It has a predicted MW of 145.5 kDa.</p> <p>Also known as 'adalimumab'.</p> <p>This product is shipped at ambient temperature. Upon receipt, store immediately at -20C or lower for 12 months in a lyophilized state. - 80C for 3 months after reconstitution. Avoid repeated freeze-thaw cycles.</p> |
| Host                | Human                                                                                                                                                                                                                                                                                                                                                                        |
| Gene ID             | 7124                                                                                                                                                                                                                                                                                                                                                                         |
| Gene Symbol         | TNF                                                                                                                                                                                                                                                                                                                                                                          |
| Species             | Human                                                                                                                                                                                                                                                                                                                                                                        |
| Reactivity Notes    | Predicted species reactivity: Mouse, Cynomolgus, Rhesus                                                                                                                                                                                                                                                                                                                      |
| Immunogen           | TNFSF2 / TNFa                                                                                                                                                                                                                                                                                                                                                                |
| Endotoxin Note      | < 0.001EU/ug,determined by LAL method.                                                                                                                                                                                                                                                                                                                                       |

| Product Application Details |                                   |
|-----------------------------|-----------------------------------|
| Applications                | ELISA, Flow Cytometry, Functional |
| Recommended Dilutions       | Flow Cytometry, ELISA, Functional |
