PSMA/FOLH1/NAALADase I Antibody [Biotin] - (Research Grade pelgifatamAb Biosimilar)

| Product Information         |                                                                                                                                               |
|-----------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------|
| Unit Size                   | 0.1 ml                                                                                                                                        |
| Concentration               | Please see the vial label for concentration. If unlisted please contact technical services.                                                   |
| Storage                     | Store at 4C in the dark.                                                                                                                      |
| Clonality                   | Monoclonal                                                                                                                                    |
| Preservative                | 0.05% Sodium Azide                                                                                                                            |
| Isotype                     | IgG1                                                                                                                                          |
| Conjugate                   | Biotin                                                                                                                                        |
| Purity                      | Protein A purified                                                                                                                            |
| Buffer                      | PBS                                                                                                                                           |
| Product Description         |                                                                                                                                               |
| Description                 | The heavy chain type is hulgG1, and the light chain type is hukappa. It has a predicted MW of 145.5 kDa.<br><br>Also known as 'pelgifatamAb'. |
| Host                        | Human                                                                                                                                         |
| Gene ID                     | 2346                                                                                                                                          |
| Gene Symbol                 | FOLH1                                                                                                                                         |
| Species                     | Human                                                                                                                                         |
| Immunogen                   | FOLH1 / PSMA                                                                                                                                  |
| Product Application Details |                                                                                                                                               |
| Applications                | ELISA, Flow Cytometry, Functional                                                                                                             |
| Recommended Dilutions       | Flow Cytometry, ELISA, Functional                                                                                                             |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                        |
