| Clonality                   | Monoclonal                                                                                                                                |
| Preservative                | No Preservative                                                                                                                           |
| Isotype                     | IgG1                                                                                                                                      |
| Conjugate                   | HRP                                                                                                                                       |
| Purity                      | Protein A purified                                                                                                                        |
| Buffer                      | PBS                                                                                                                                       |
| Product Description         |                                                                                                                                           |
| Description                 | The heavy chain type is hulgG1, and the light chain type is hukappa. It has a predicted MW of 145.5 kDa.<br><br>Also known as 'oxelumab'. |
| Host                        | Human                                                                                                                                     |
| Gene ID                     | 7292                                                                                                                                      |
| Gene Symbol                 | TNFSF4                                                                                                                                    |
| Species                     | Human                                                                                                                                     |
| Immunogen                   | TNFSF4 / OX40L / CD252                                                                                                                    |
| Product Application Details |                                                                                                                                           |
| Applications                | ELISA, Flow Cytometry, Functional                                                                                                         |
| Recommended Dilutions       | Flow Cytometry, ELISA, Functional                                                                                                         |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                    |
