| Clonality                   | Monoclonal                                                                                                                                           |
| Preservative                | 0.05% Sodium Azide                                                                                                                                   |
| Isotype                     | IgG1                                                                                                                                                 |
| Conjugate                   | DyLight 488                                                                                                                                          |
| Purity                      | Protein A purified                                                                                                                                   |
| Buffer                      | 50mM Sodium Borate                                                                                                                                   |
| Product Description         |                                                                                                                                                      |
| Description                 | <p>The heavy chain type is hulgG1, and the light chain type is hulambda. It has a predicted MW of 145.5 kDa.</p> <p>Also known as 'cusatuzumab'.</p> |
| Host                        | Human                                                                                                                                                |
| Gene ID                     | 970                                                                                                                                                  |
| Gene Symbol                 | CD70                                                                                                                                                 |
| Species                     | Human                                                                                                                                                |
| Immunogen                   | TNFSF7 / CD27L / CD70                                                                                                                                |
