| Clonality                   | Monoclonal                                                                                                                                    |
| Preservative                | 0.05% Sodium Azide                                                                                                                            |
| Isotype                     | IgG1                                                                                                                                          |
| Conjugate                   | DyLight 594                                                                                                                                   |
| Purity                      | Protein A purified                                                                                                                            |
| Buffer                      | 50mM Sodium Borate                                                                                                                            |
| Product Description         |                                                                                                                                               |
| Description                 | The heavy chain type is hulgG1, and the light chain type is hulambda. It has a predicted MW of 145.5 kDa.<br><br>Also known as 'tozorakimab'. |
| Host                        | Human                                                                                                                                         |
| Gene ID                     | 90865                                                                                                                                         |
| Gene Symbol                 | IL33                                                                                                                                          |
| Species                     | Human                                                                                                                                         |
| Immunogen                   | IL-33                                                                                                                                         |
