**NBP3-28675APC****IL-13 Antibody (H2L6) [Allophycocyanin]**

| <b>Product Information</b> |                                                                                             |
|----------------------------|---------------------------------------------------------------------------------------------|
| <b>Unit Size</b>           | 0.1 ml                                                                                      |
| <b>Concentration</b>       | Please see the vial label for concentration. If unlisted please contact technical services. |
| <b>Storage</b>             | Store at 4C in the dark.                                                                    |
| <b>Clonality</b>           | Monoclonal                                                                                  |
| <b>Clone</b>               | H2L6                                                                                        |
| <b>Preservative</b>        | 0.05% Sodium Azide                                                                          |
| <b>Isotype</b>             | IgG1                                                                                        |
| <b>Conjugate</b>           | Allophycocyanin                                                                             |
| <b>Purity</b>              | Protein A purified                                                                          |
| <b>Buffer</b>              | PBS                                                                                         |

| <b>Product Description</b> |                                                                                                          |
|----------------------------|----------------------------------------------------------------------------------------------------------|
| <b>Description</b>         | The heavy chain type is hulgG1, and the light chain type is hukappa. It has a predicted MW of 145.5 kDa. |
| <b>Host</b>                | Human                                                                                                    |
| <b>Gene ID</b>             | 3596                                                                                                     |
| <b>Gene Symbol</b>         | IL13                                                                                                     |
| <b>Species</b>             | Human                                                                                                    |
| <b>Immunogen</b>           | IL-13                                                                                                    |

| <b>Product Application Details</b> |                                                                        |
|------------------------------------|------------------------------------------------------------------------|
| <b>Applications</b>                | ELISA, Flow Cytometry, Functional                                      |
| <b>Recommended Dilutions</b>       | Flow Cytometry, ELISA, Functional                                      |
| <b>Application Notes</b>           | Optimal dilution of this antibody should be experimentally determined. |
