| Preservative                | 0.05% Sodium Azide                                                                                                                            |
| Isotype                     | IgG1                                                                                                                                          |
| Conjugate                   | DyLight 755                                                                                                                                   |
| Purity                      | Protein A purified                                                                                                                            |
| Buffer                      | 50mM Sodium Borate                                                                                                                            |
| Product Description         |                                                                                                                                               |
| Description                 | The heavy chain type is hulgG1, and the light chain type is hukappa. It has a predicted MW of 145.5 kDa.<br><br>Also known as 'flantvotumab'. |
| Host                        | Human                                                                                                                                         |
| Gene ID                     | 7306                                                                                                                                          |
| Gene Symbol                 | TYRP1                                                                                                                                         |
| Species                     | Human                                                                                                                                         |
| Immunogen                   | TRP1 / TYRP1                                                                                                                                  |
| Notes                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                             |
| Product Application Details |                                                                                                                                               |
| Applications                | ELISA, Flow Cytometry, Functional                                                                                                             |
| Recommended Dilutions       | Flow Cytometry, ELISA, Functional                                                                                                             |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                        |
