| Preservative                | 0.05% Sodium Azide                                                                                                                                  |
| Isotype                     | IgG1                                                                                                                                                |
| Conjugate                   | Allophycocyanin                                                                                                                                     |
| Purity                      | Protein A purified                                                                                                                                  |
| Buffer                      | PBS                                                                                                                                                 |
| Product Description         |                                                                                                                                                     |
| Description                 | <p>The heavy chain type is hulgG1, and the light chain type is hukappa. It has a predicted MW of 145.5 kDa.</p> <p>Also known as 'IdiratzumAb'.</p> |
| Host                        | Human                                                                                                                                               |
| Gene ID                     | 25800                                                                                                                                               |
| Gene Symbol                 | SLC39A6                                                                                                                                             |
| Species                     | Human                                                                                                                                               |
| Immunogen                   | LIV-1 / SLC39A6                                                                                                                                     |
| Product Application Details |                                                                                                                                                     |
| Applications                | ELISA, Flow Cytometry, Functional                                                                                                                   |
| Recommended Dilutions       | Flow Cytometry, ELISA, Functional                                                                                                                   |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                              |
