| <b>Unit Size</b>     | 100 ug                                                                                      |
| <b>Concentration</b> | Please see the vial label for concentration. If unlisted please contact technical services. |
| <b>Storage</b>       | Store at -20C. Avoid freeze-thaw cycles.                                                    |
| <b>Clonality</b>     | Polyclonal                                                                                  |
| <b>Preservative</b>  | 0.08% Sodium Azide                                                                          |
| <b>Isotype</b>       | IgG                                                                                         |
| <b>Purity</b>        | Ammonium sulfate precipitation                                                              |
| <b>Buffer</b>        | Phosphate buffered saline                                                                   |

**Product Description**

|                    |                                                      |
|--------------------|------------------------------------------------------|
| <b>Host</b>        | Rabbit                                               |
| <b>Gene ID</b>     | 255022                                               |
| <b>Gene Symbol</b> | CALHM1                                               |
| <b>Species</b>     | Human                                                |
| <b>Immunogen</b>   | Synthetic peptide derived from human CALHM1 protein. |

**Product Application Details**

|                              |                                                                |
|------------------------------|----------------------------------------------------------------|
| <b>Applications</b>          | Western Blot, ELISA, Immunohistochemistry                      |
| <b>Recommended Dilutions</b> | Western Blot : 1:400, ELISA, Immunohistochemistry : 2-10 ug/ml |

**Images**

Immunohistochemistry-Paraffin: CALHM1 Antibody [NBP3-30956] - Staining on paraffin embedded human hepatocellular carcinoma sections. Primary Ab (immunoaffinity purified) at 10 ug/ml. Antigen retrieval used: 10 mM Na Citrate pH 6.0, 10 minutes pressure cooker method, developed with anti rabbit HRP and DAP substrate. Counterstained with methyl blue.
