Ra Fluor (R) products are provided under an intellectual property license from Technologies Corporation. The purchase of this product conveys to the er the non-transferable right to use the purchased product and components he product only in research conducted by the buyer (whether the buyer is an demic or for-profit entity). The sale of this product is expressly conditioned on buyer not using the product or its components, or any materials made using product or its components, in any activity to generate revenue, which may ude, but is not limited to use of the product or its components: (i) in hufacturing; (ii) to provide a service, information, or data in return for ment; (iii) for therapeutic, diagnostic or prophylactic purposes; or (iv) for ale, regardless of whether they are resold for use in research. For information burchasing a license to this product for purposes other than as described ve, contact Life Technologies Corporation, 5791 Van Allen Way, Carlsbad, 92008 USA or outlicensing@lifetech.com. This conjugate is made on hand. Actual recovery may vary from the stated volume of this product. The time will be greater than or equal to the unit size stated on the datasheet.

Product Application Details

Applications Western Blot, ELISA

Recommended Dilutions Western Blot, ELISA

Optimal dilution of this antibody should be experimentally determined.
