| Purity                      | Affinity purified                                                                                                                                 |
| Buffer                      | PBS                                                                                                                                               |
| Product Description         |                                                                                                                                                   |
| Host                        | Rabbit                                                                                                                                            |
| Gene ID                     | 8359                                                                                                                                              |
| Gene Symbol                 | H4C1                                                                                                                                              |
| Species                     | Human, Mouse, Rat                                                                                                                                 |
| Immunogen                   | A synthetic peptide corresponding to a sequence within amino acids 1-100 of human H4 Clustered Histone 1 (NP_003529.1).<br><br>Sequence:<br>SGRGK |
| Product Application Details |                                                                                                                                                   |
| Applications                | Western Blot, Dot Blot, ELISA, Immunocytochemistry/ Immunofluorescence, Immunohistochemistry, Immunohistochemistry-Paraffin                       |
| Recommended Dilutions       | Western Blot, ELISA, Immunohistochemistry, Immunocytochemistry/ Immunofluorescence, Immunohistochemistry-Paraffin, Dot Blot                       |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                            |
