Nipah Virus Glycoprotein G Antibody [Janelia Fluor® 669]

| <b>Product Information</b>         |                                                                                                                         |
|------------------------------------|-------------------------------------------------------------------------------------------------------------------------|
| <b>Unit Size</b>                   | 0.1 ml                                                                                                                  |
| <b>Concentration</b>               | Please see the vial label for concentration. If unlisted please contact technical services.                             |
| <b>Storage</b>                     | Store at 4C in the dark.                                                                                                |
| <b>Clonality</b>                   | Polyclonal                                                                                                              |
| <b>Preservative</b>                | 0.05% Sodium Azide                                                                                                      |
| <b>Isotype</b>                     | IgG                                                                                                                     |
| <b>Conjugate</b>                   | Janelia Fluor 669                                                                                                       |
| <b>Purity</b>                      | Antigen and protein A Affinity-purified                                                                                 |
| <b>Buffer</b>                      | 50mM Sodium Borate                                                                                                      |
| <b>Product Description</b>         |                                                                                                                         |
| <b>Host</b>                        | Rabbit                                                                                                                  |
| <b>Species</b>                     | Virus                                                                                                                   |
| <b>Immunogen</b>                   | Produced in rabbits immunized with purified, recombinant Nipah Virus Glycoprotein G (RefSeq#: AAY43916.1; Gln71-Thr602) |
| <b>Notes</b>                       | Sold under license from the Howard Hughes Medical Institute, Janelia Research Campus.                                   |
| <b>Product Application Details</b> |                                                                                                                         |
| <b>Applications</b>                | Western Blot, ELISA                                                                                                     |
| <b>Recommended Dilutions</b>       | Western Blot, ELISA                                                                                                     |
| <b>Application Notes</b>           | Optimal dilution of this antibody should be experimentally determined.                                                  |
