Desmin Antibody (DES/8610R)

| Product Information     |                                                                                             |
|-------------------------|---------------------------------------------------------------------------------------------|
| Unit Size               | 100 ug                                                                                      |
| Concentration           | Please see the vial label for concentration. If unlisted please contact technical services. |
| Storage                 | Store at 4C.                                                                                |
| Clonality               | Monoclonal                                                                                  |
| Clone                   | DES/8610R                                                                                   |
| Preservative            | 0.05% Sodium Azide                                                                          |
| Isotype                 | IgG Kappa                                                                                   |
| Purity                  | Protein A or G purified                                                                     |
| Buffer                  | 10 mM PBS with 0.05% BSA                                                                    |
| Target Molecular Weight | 52 kDa                                                                                      |

| Product Description |                                                                                                                                                                                                                                                                       |
|---------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Description         | Prepared in 10mM PBS with 0.05% BSA & 0.05% azide. Also available WITHOUT BSA & azide at 1.0mg/ml.<br><br>Antibody with azide - store at 2 to 8 C. Antibody without azide - store at -20 to -80 C. Antibody is stable for 24 months. Non-hazardous. No MSDS required. |
| Host                | Rabbit                                                                                                                                                                                                                                                                |
| Gene ID             | 1674                                                                                                                                                                                                                                                                  |
| Gene Symbol         | DES                                                                                                                                                                                                                                                                   |
| Species             | Human, Rat, Chicken, Hamster                                                                                                                                                                                                                                          |
| Immunogen           | Recombinant fragment (around aa 270-470) of human DES protein (exact sequence is proprietary) (Uniprot: P17661)                                                                                                                                                       |

| Product Application Details |                      |
|-----------------------------|----------------------|
| Applications                | Immunohistochemistry |
| Recommended Dilutions       | Immunohistochemistry |
